

Firefly Alpha

1/96 Scale Paper Model Instructions

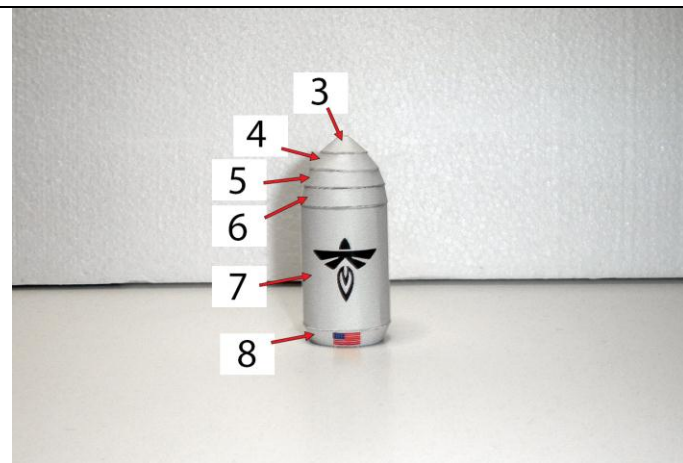

Glue the dashed lines on the connectors to inside top.
 NOTE: The word "ALPHA" on part 2 is spelled "ALPH" with the first letter "A" is also the last letter.
 This is how it is arranged on the actual rocket.

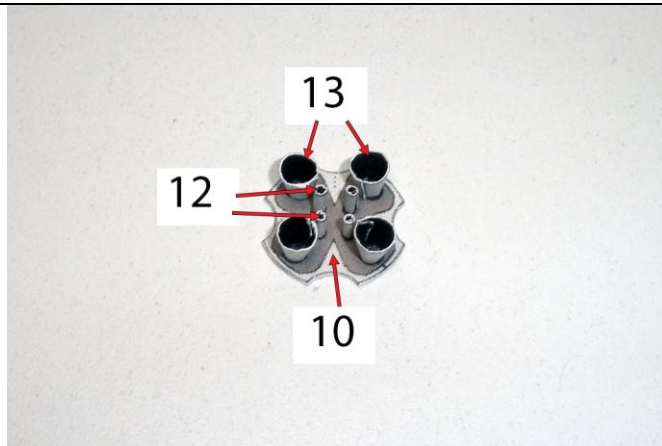

Glue the formers inside up against the connectors

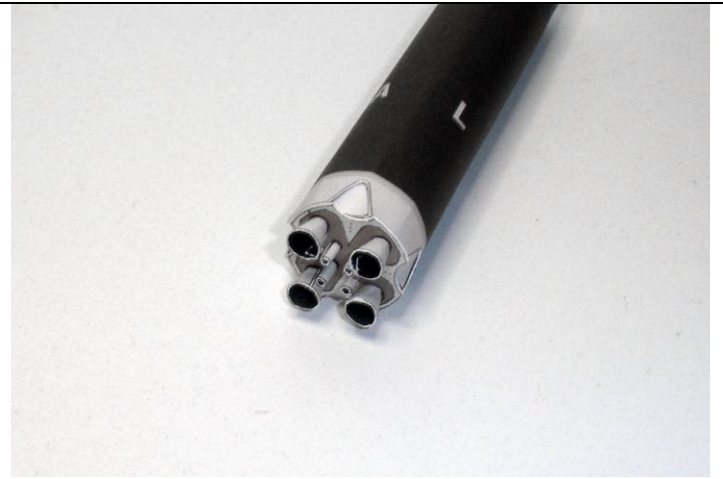

Keep all seems aligned together.

Glue on top of part 1
 Keep all seems aligned together.

Parts 11 – Wrap around a skewer with the color inside to add a curve. Make four of these.

Glue to the backside onto the opening on the bottom (part 2) as shown.

Glue the upper and lower halves while keeping the seams aligned together.

Your model is done.
