

LignoSat - easy version
 $\frac{3}{4}$ Scale Papermodel Instructions

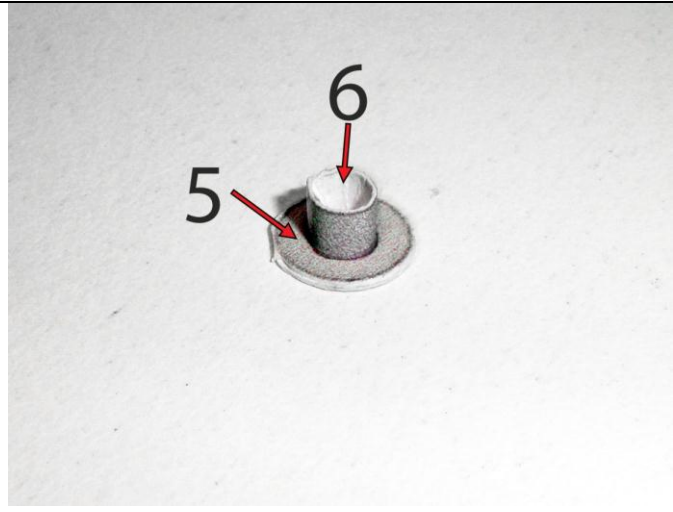

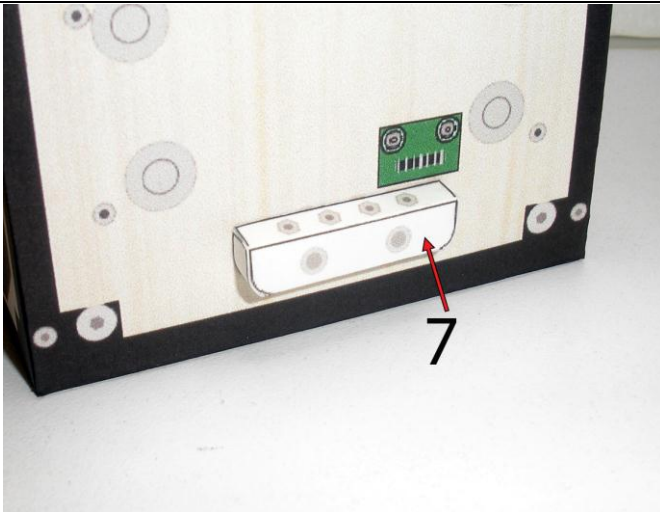

Glue the edge with the red marker on part 2 onto the tab labeled "2" on part 1, then fold-glue to a box above.
Can glue the optional detailed parts onto part 1 before folding to a box – if desired.

Glue part 3 onto the top, match the two red markers (red markers).

Make five of these.

Glue 5-6 onto the 5 labeled areas as shown.

Glue the antenna (Parts 12) together and glue at the bottom center of part 7 as shown.

Your model is done.
