

O/OREOS

1/3 Scale Paper Model Instructions

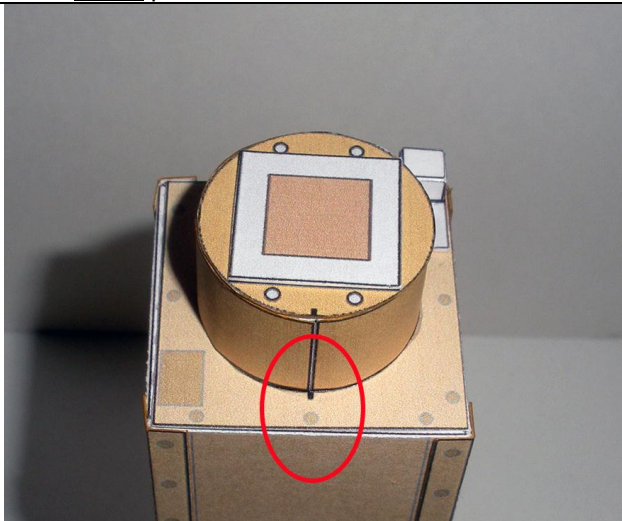

Note the orientation of the markings on parts 2 and 2a in relation to the front of the spacecraft (side with the circle). Parts 2 are glued at the bottom of the spacecraft.

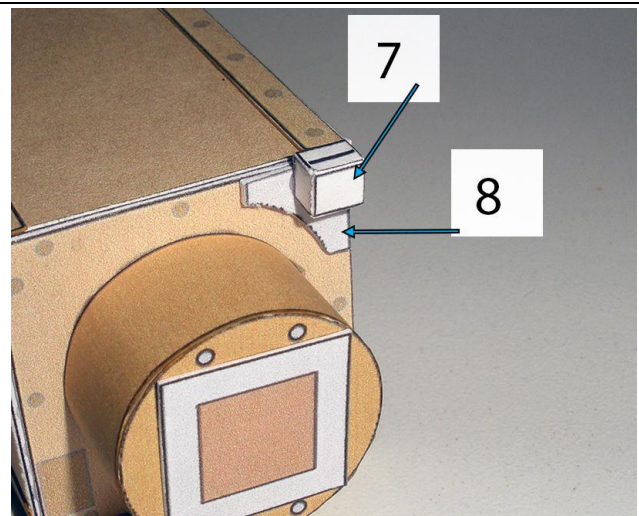

Part 4 fits inside part 3 to insure roundness.

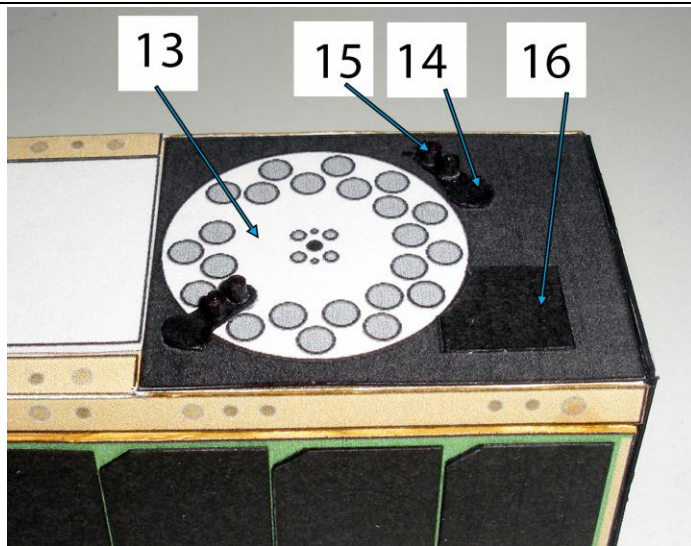

Match the black marker on 5 to the seem on 3

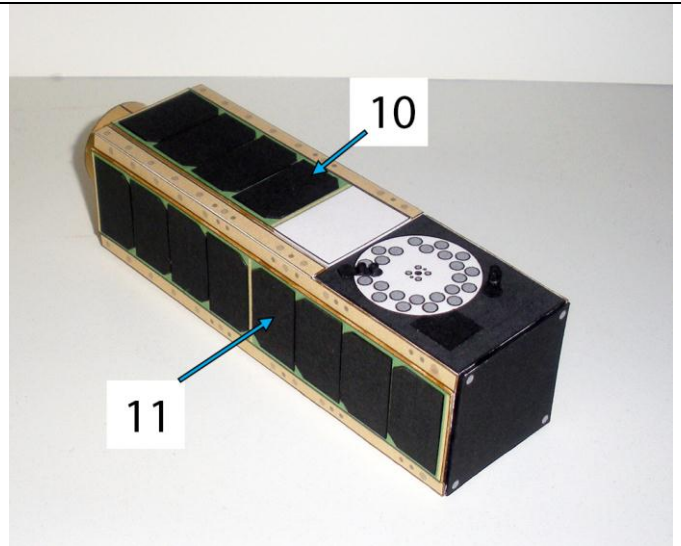

Match the seem on 3 to the black marker on the front.

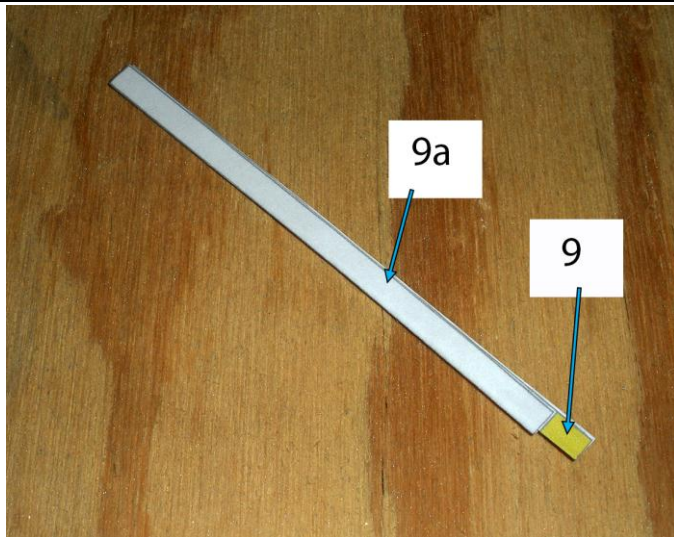

Glue 8 over the RED DOT on the front, glue 7 on the white rectangle on 8 with the line on top. A little should extend over the top of 8.

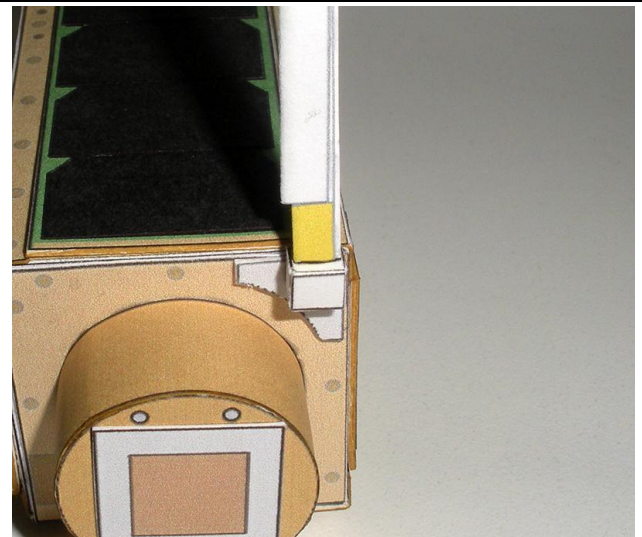

15 is rolled tightly between your fingers, color edges black. Glue on the circles on 14.

Glue the solar panels in place. Glue 13-16 in place as shown.

Fold-glue 9 in half, Fold-glue 9a over the white area on part 9.

Glue this onto the line on part 7.

Your model is done, enjoy.
