$\frac{3}{4}$ Scale Paper Model Instructions

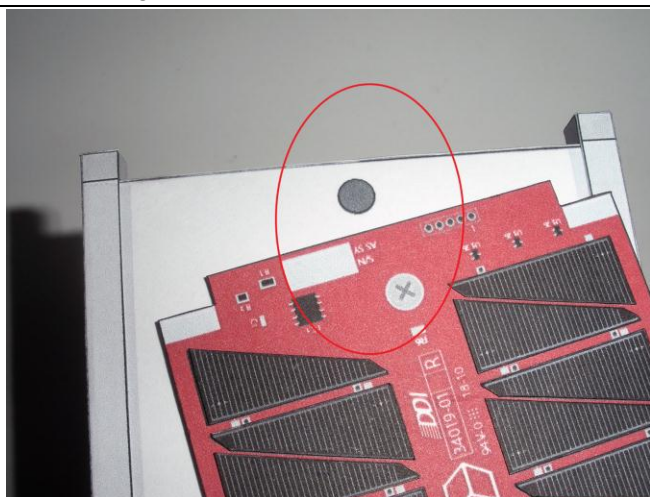

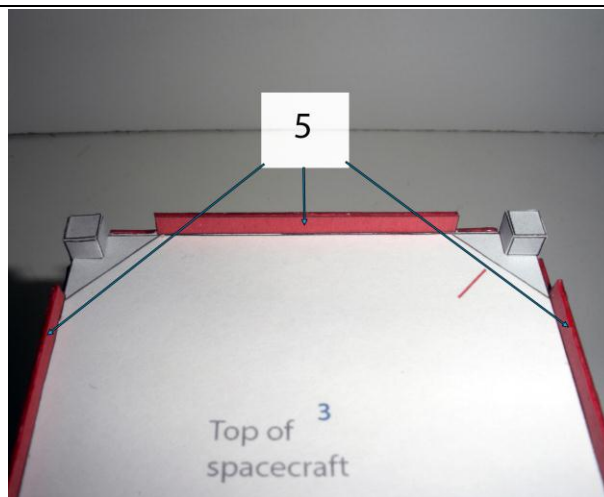

Glue 2 to the glue tab on 1 as shown

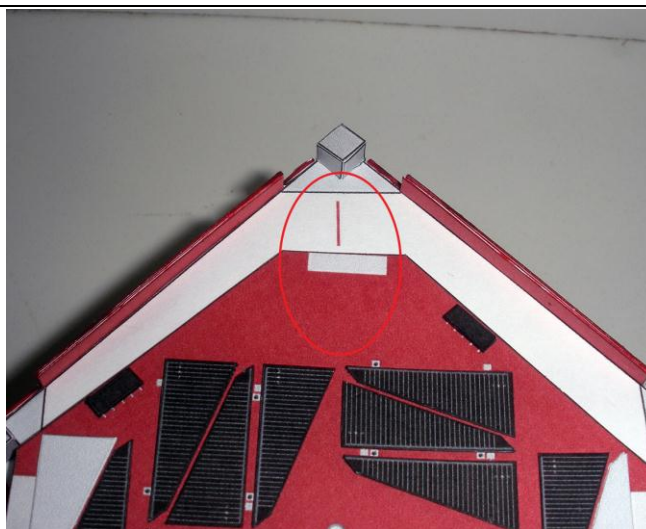

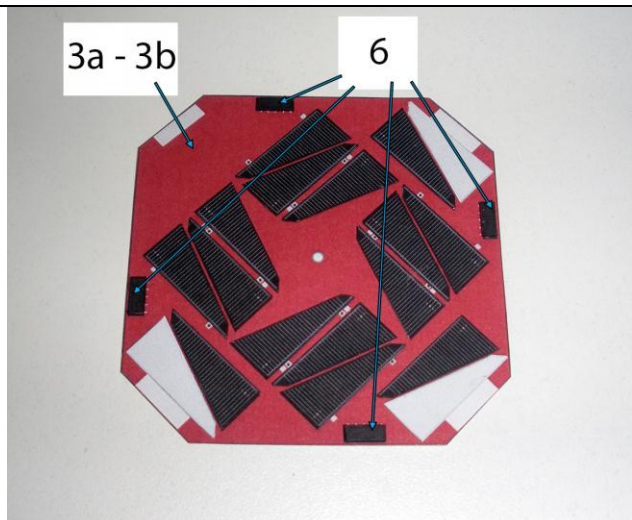

Ends on 3 are folded into boxes.

Glue 4 to the body matching the circles on 4 to the circles on the body – two towards the top and two on the bottom.

There are eight of these. Some trimming may be needed.

Glue 3a to the top of the spacecraft and 3b to the bottom for proper fit. Match the empty corner of each to the red line. Your model is done.
