

Terrier Improved Orion Sounding Rocket

1/28 scale Paper Model Instructions

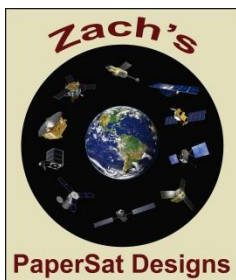

May see small variations of the payload fairing due to differences of the payload being launched. The rest of the rocket should remain the same (See above pics). The model reflect the latest launch of the Terrier Improved Orion Sounding Rocket.

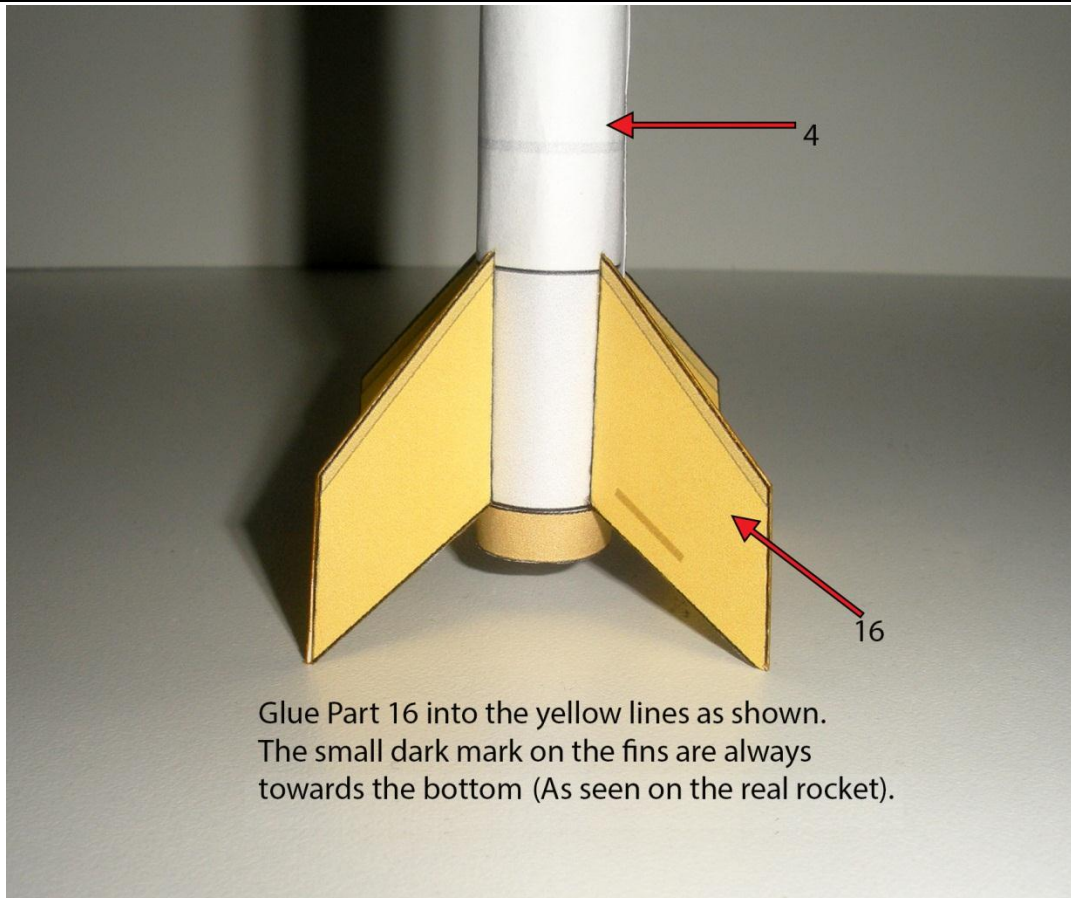

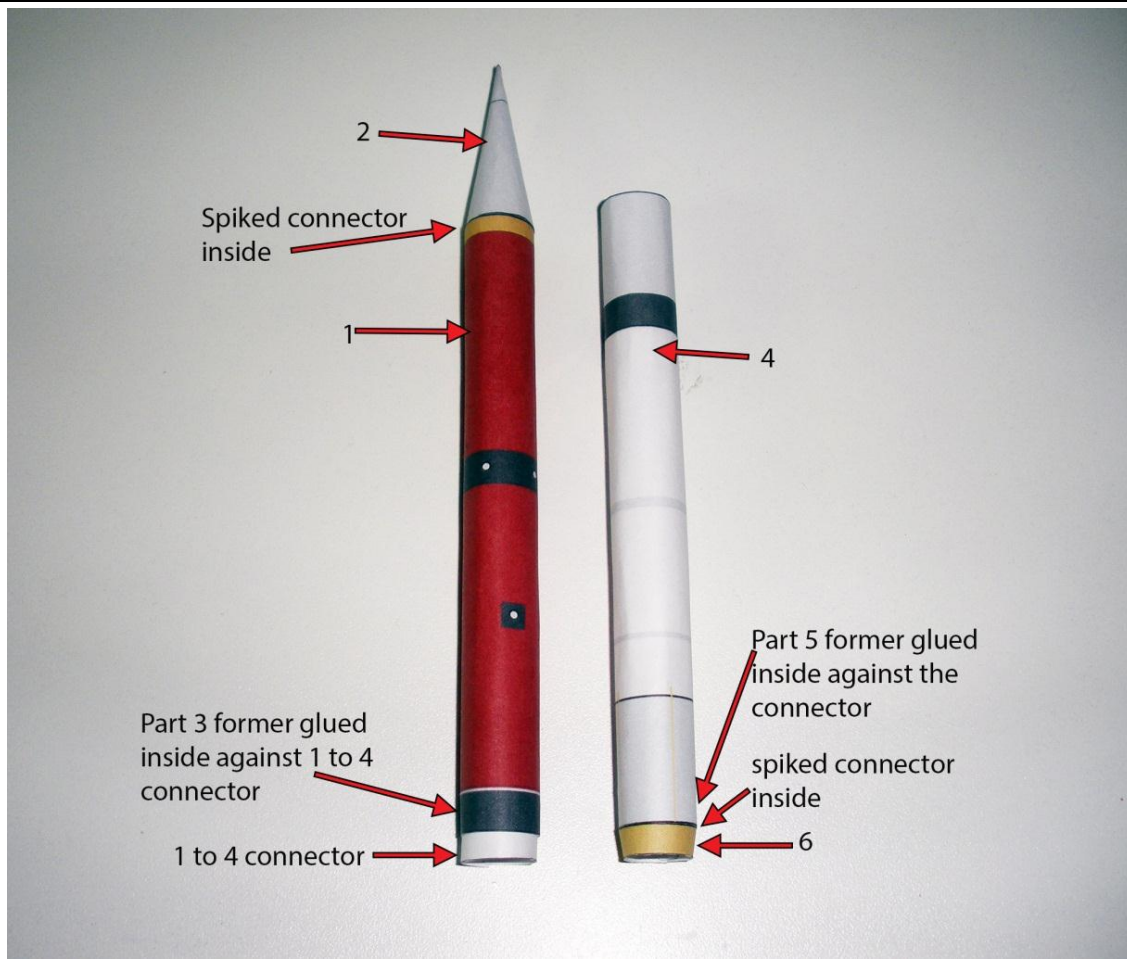

Build Note:

Keeping all part seems aligned in a straight line will insure proper fin and graphics orientation.

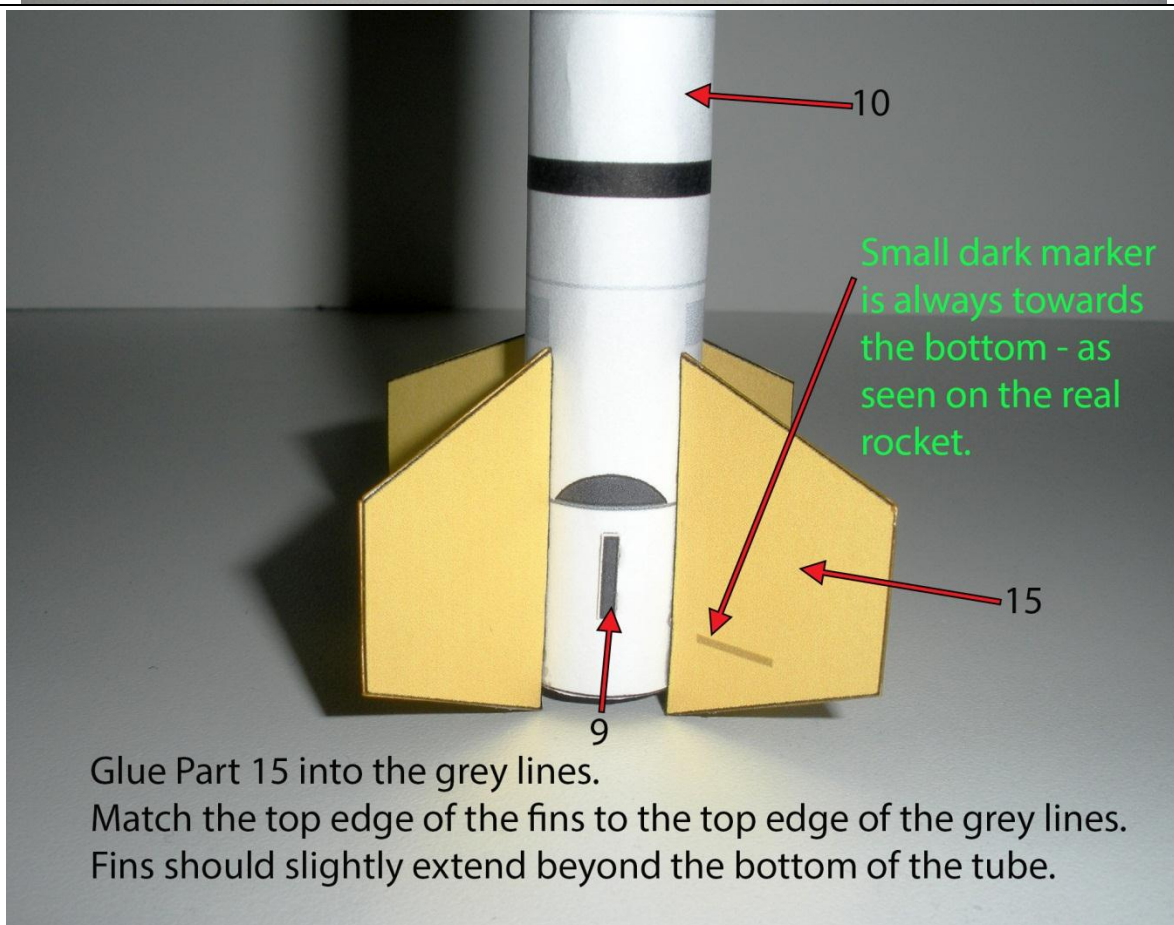

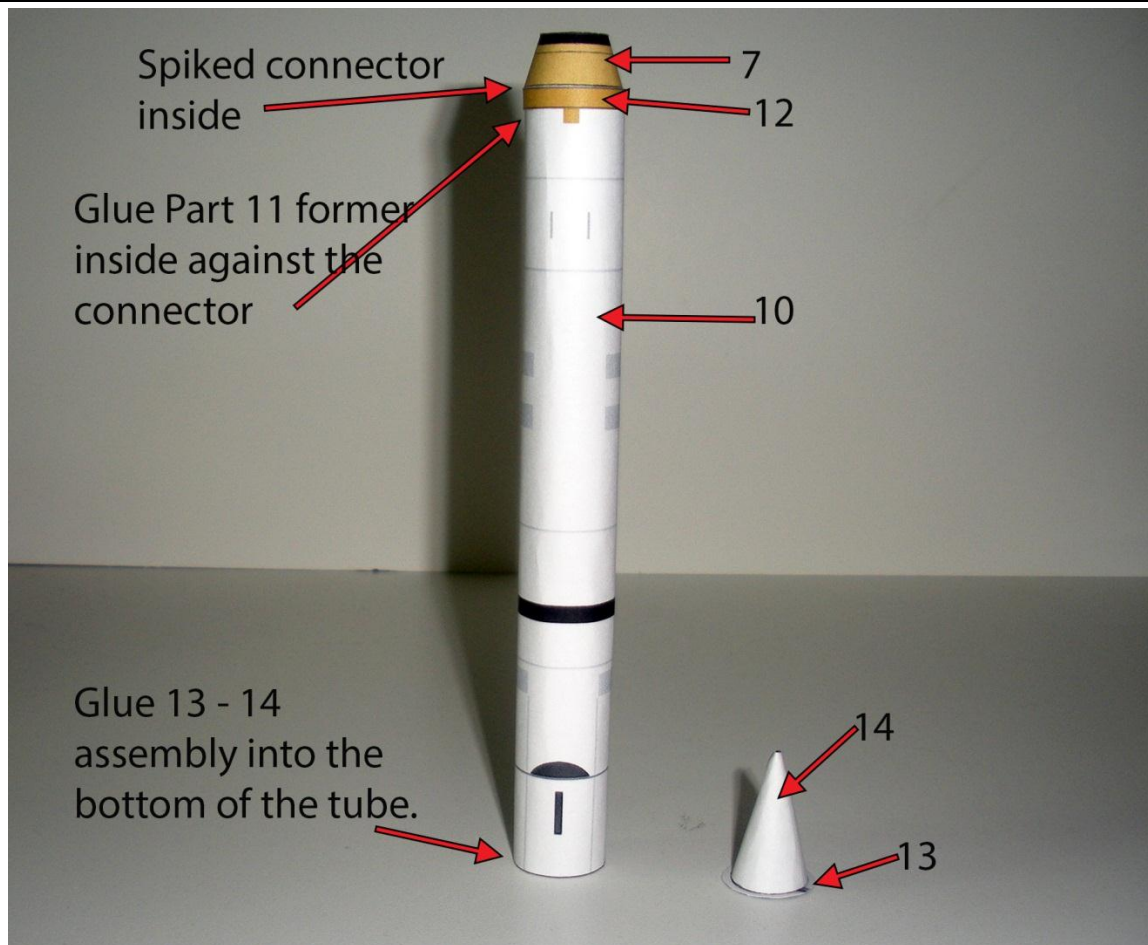

Enjoy.

2nd Stage

1st Stage

Final Assembly

Glue Part 1 to the top of 4 using the 1 to 4 connector.

Glue top half the rocket to the lower half (6 - 7).

6 should fit over the black circle painted on 7 for straightness. Make sure the rocket is straight.

Model is complete.
