

Vanguard 1 launcher

1/96 Scale Papermodel Instructions

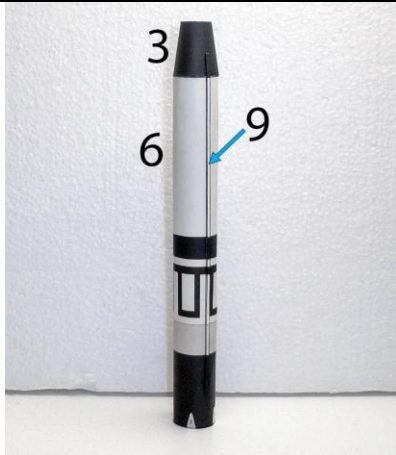

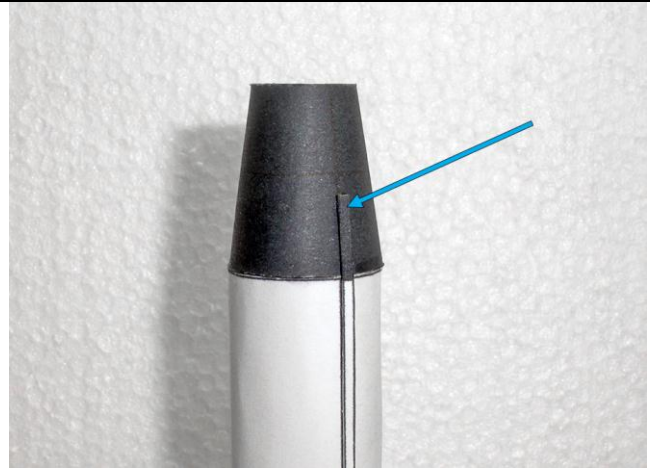

Keep all seems aligned.
Glue 5 onto the two matching grey areas. Glue the connector inside bottom as shown.

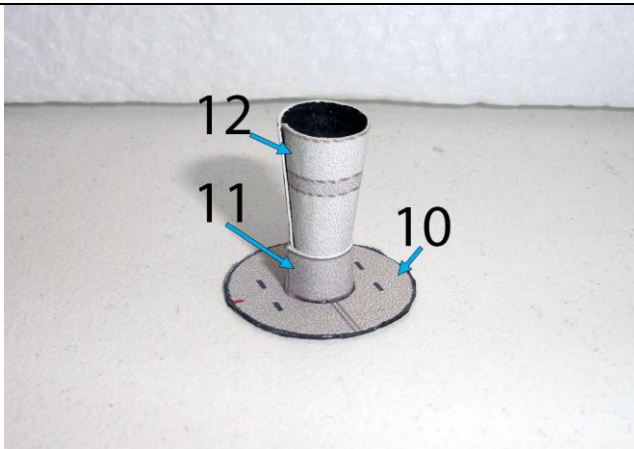

Glue all Parts 4 onto the short grey lines, short side of parts 4 are parallell with the table as shown.

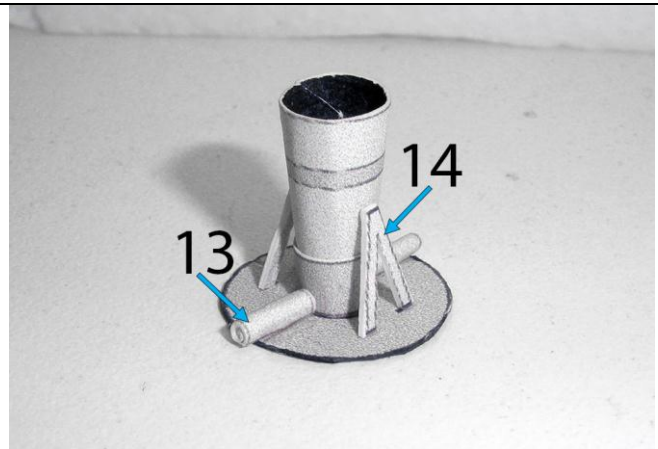

Glue 9 onto the two matching lines on part 6

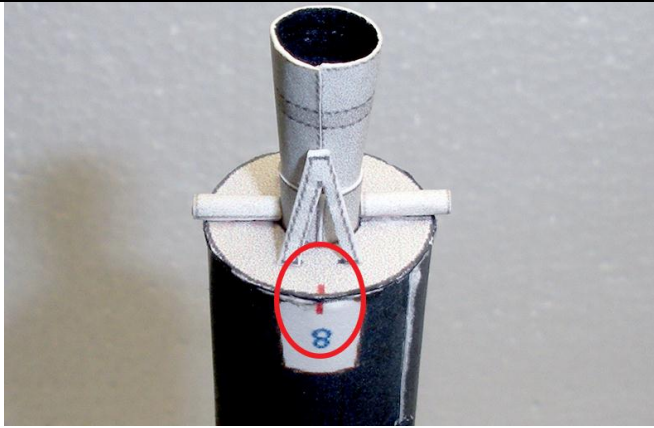

Top of 9 folds onto part 3.

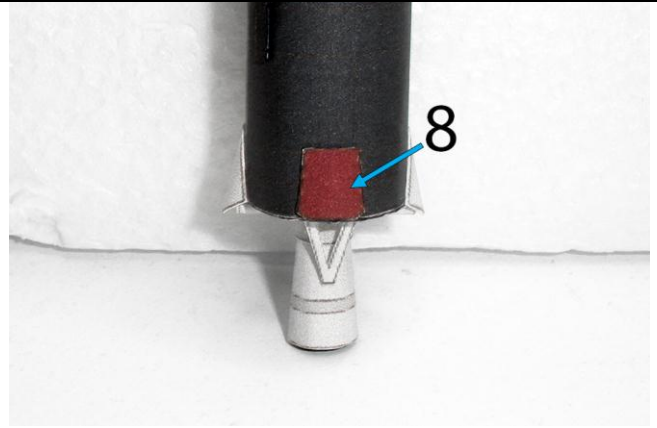

12 fits inside of 11 untill it stops and glue in place.

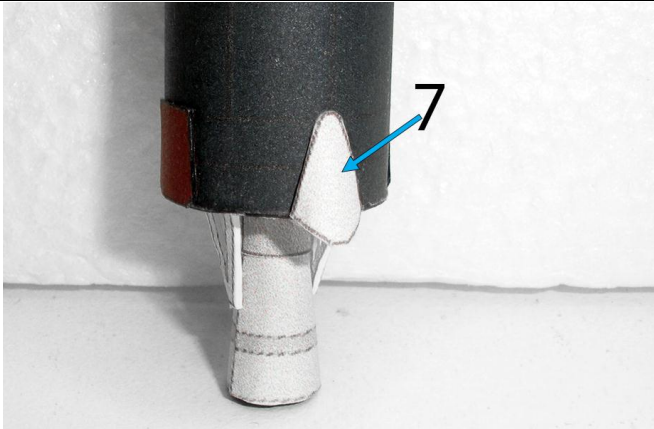

Glue 14 onto the dashed lines. Roll 13 into tight solid rods.

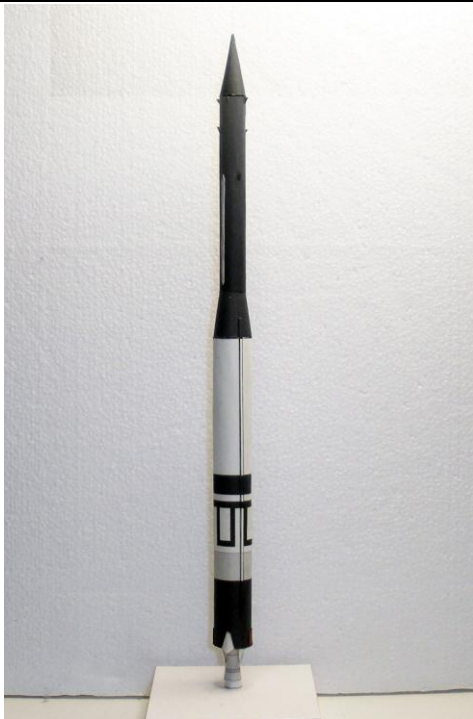

Glue to the bottom, match the two red markers

Glue to the labeled areas at the bottom

Add a curve to parts 7 (around a tooth pic) glue to the labeled areas at the bottom – see next photo.

Glue the two halves together using the connector while aligning the seems.

Your model is done.
